

1/2/19,

The Sunrise board of directors has made a decision to move forward with a mill project in 2019 that will result in us removing 2 of our grain bins on the West side of our feed mill and have decided to put the two bins on silent bids. Here are the details if you are interested in putting in a bid and if you are just simply write down your name, phone number, which bin, and your bid. Thanks

#1 Bin is a 24' 12 ring GSI bin with floor and fan. Approx 12,000 bushels

#2 Bin is a 48' 8 ring Westeel bin with floor and fan. Approx 40,000 bushels. The roof on this bin is not in the best shape.

- **Deadline is January 25th** Drop off or send to Buckman please.
- All bids will be reviewed by board at January board meeting.
- The spout on top is NOT included and will be removed by Sunrise Ag along with any electric.
- We are planning on having the bins empty by Feb 28th and would like them taken down and everything gone but the concrete by March 31st. One exception is weather and that will have to be determined.
- Must have some kind of insurance in case of any damages done while taking them down or whoever you would possibly hire to do so.
- These bins are "AS IS" no warranties involved.
