Dear Sunrise Ag Coop Patrons,

August 1<sup>st</sup>, 2018

**Feed/Grain news** – We sent out a letter last month regarding a few minor grain banking rule changes. The one main change is the free zone going from 2200 to 1500 bushels. The main reason for the changes are simply to make it easier for all involved and also to eliminate any bushels that just sit here year to year. We will try this route for 2018-2019 season and if it's still too much of a pain and we have complaints we will have to make another decision next summer on where to go from here. This also brings up the storage thought for those that want to store corn, please call in if you wish to store grain again this year. With the heat of August still to come, keep feeding the great heat products we have available to help your farm take on that battle. We have Hydrolac, ThermoCad, Rally, and more for helping your cattle out during the heat stress times of summer talk to your nearest location manager. We also have some great products like Clarify, Rabon, and Altosid for fly control that we can add to your feeds and do add to some of our mixes already. These feed supplements prevent house flies, stable flies, face flies, and horn flies from developing in and emerging from the manure of treated cattle. Clarify is also available in all Land O Lakes brand Milk Replacers. Our experiences from previous years is that these products work very well! Also other minerals and feeds we have also have altosid for fly control. We are getting to that time of the year again for checking out future prices on Soybean meal, Canola, Amino Plus, and Corn Gluten Pellets. I can email you daily with these prices if you would like. Email me @ [jason@sunriseagcoop.com](mailto:jason@sunriseagcoop.com) and I'll add you to the list. Check out our website!! You can order feed on there, check out the local cash bids for grain selling, and we have the local DTN news, weather, and markets as well. We are always looking to truck Corn and/or Soybeans for when we go pickup commodities, give us a call if you have any hauling needs 320.468.2852. When ordering feed PLEASE give us a one day notice. It helps the Coop tremendously in many ways.

**Most importantly..... Thank you for your business!**

**Buckman, Lastrup, and Little Rock** – We have some Real Tuff cattle equipment with great prices due to the steel prices going up so stop in or call for a price before the new stuff comes and the price goes up!! We have 8, 9, and 10 foot baggers for rental. We also have all your ag bags, bunker covers, twine, net wrap, fly sprays, fly control products, and inoculants of many brands for you during this forage season. Call Niki, Josh, and Tim if you need anything, if we don't have it we'll get it! If you are in need of rock buckets, feed buckets, hay spears, blades, anything you can think of so give any of our locations a call for the best price around on Virnig attachments!!

**Milk / Milk house news** – If you are interested in running for the FDA board of directors please Jason or Roger by August 24<sup>th</sup>. We will bring your name to the nominating committee if you'd like to run for their board. It never hurts to have a voice from a member creamery! You obviously need to be milking cows and a patron of Sunrise Ag/FDA. If you're a current FDA (Sunrise Ag) member and interested in contracting milk give FDA a call at 1-866-593-4235. With the changes from FDA on hauling in effect now, if anybody is interested in upgrading their bulk tank to get to an every other day pick up for \$ savings. FDA has a loan program using your back equities. The interest rates are attractive and competitive but you must have back equity at Sunrise Ag/FDA for this to be able to work though.

**Upcoming Deadlines/Events** – Benton and Crow Wing county fair now. Morrison county fair Aug 9<sup>th</sup> – 11<sup>th</sup>.
